EVOLUTION OF DECKING

## Why use EVO DECKING?

The EVO Decking mission was to create the most authentic looking decking solution available and indistinguishable from teak.

EVO Decking have chosen the best pvc formula that provides longevity year after year. We boast the most comprehensive and realistic colour range on the market. Alongside an unrivalled training programme and ongoing support, you can be confident that EVO Decking is the right choice for you.

Our product is low maintenance and high quality. As you would expect it has excellent non-slip qualities, even when wet, and is UV stabilised.

We allow you to be the judge of the question,  
"Is this the most realistic synthetic teak yet?"  
We believe you will agree with us!
